

SAUDI BOARD RESIDENCY TRAINING PROGRAM

ANATOMIC PATHOLOGY

Promotion Examination

Written Examination Format:

- A written examination shall consist of one paper with not less than 100 MCQs with a single best answer (one correct answer out of four options). Up to 10% unscored items can be added for pretesting purposes.
- The examination shall contain type K2 questions (interpretation, analysis, reasoning and decision making) and type K1 questions (recall and comprehension).
- The examination shall include basic concepts and clinical topics relevant to the specialty.
- Clinical presentation questions include history, clinical finding and patient approach. Diagnosis and investigation questions; include the possible diagnosis and diagnostic methods. Management questions; including treatment and clinical management, either therapeutic or nontherapeutic, and complications of management. Materials and Instruments questions; including material properties, usage, and selection of instruments and equipment used. Health maintenance questions; include health promotion, disease prevention, risk factors assessment, and prognosis.

Passing Score:

The trainee's performance is assessed in each of the evaluation formulas according to the following scoring system:

Score	Less than 50%	50% – 59.4%	60% - 69.4%	More than 70%
Description	Clear Fail	Borderline Fail	Borderline Pass	Clear Pass

1. To upgrade the trainee from a training level to the next level, she/he must obtain atleast a Borderline Pass in each evaluation form.
2. The program director may recommend to the local supervision committee to request the promotion of the trainee who did not meet the previous promotion requirement according to the following:
 - A. In case that the trainee gets a Borderline Fail result in one of the evaluation forms, the remaining evaluation forms must be passed with Clear Pass in at least one of them.
 - B. In case that the trainee gets a Borderline Fail result in two of the evaluation forms to a maximum, provided they do not fall under the same theme (Knowledge, Attitude, Skills). The remaining evaluation forms must be passed with Clear Pass in at least two of them.
 - C. The promotion must be approved in this case by the scientific council for the specialization.

Blueprint Outlines:

R1

No.	Section	Percentage
1	Basic Pathology- Cellular Adaptation, Cell Injury and CellDeath	10%
2	Basic Pathology- Acute and Chronic Inflammation	10%
3	Basic Pathology- Tissue renewal and repair. Regeneration,Healing and Fibrosis	5%
4	Basic Pathology- Hemodynamic Disorder, ThromboembolicDisease and Shock	10%
5	Basic Pathology- Genetic Disorders	10%
6	Basic Pathology- Disease of Immunity	10%
7	Basic Pathology- Neoplasia	15%
8	Basic Pathology- Infectious diseases, Environmental andNutritional Pathology	15%
9	Disease of Infancy and Childhood	5%
10	Grossing Techniques and Principals	5%
11	Laboratory Technique, Laboratory Safety and QualityImprovement Concepts	5%
Total		100%

R2,R3,R4

No.	Section	Percentage
1	Surgical Pathology and intraoperative consultation, Specialand Molecular Technique	50%
2	General and Systemic Pathology	25%
3	Handling common Surgical specimens	10%
4	Cytopathology	5%
5	Electron Microscopy, Quality and safety issues	5%
6	Autopsy and Forensic Pathology	5%
Total		100%

Notes:

- Blueprint distributions of the examination may differ up to +/-5% in each category.
- Percentages and content are subject to change at any time. See the SCFHS website for the most up-to-date information.
- Research, Ethics, Professionalism, and Patient Safety are incorporated within various domains.
